

IN THE REALM OF WOMAN

BY PENELOPE

How Duncan Marshall and Mrs. Marshall left for Odes on Sunday, afternoon.

On Monday night many friends gathered about the station, both, to bid adieu to Mr. and Mrs. Marshall, who left for their new home in London. During their few years residence in the west they have made many warm friends whose hearts were full of love for their new home.

Mrs. Marshall, 1115 11th street, will not receive on Wednesday at this time, but again this season.

Mrs. J. J. Tull, 11th street, will receive on Thursday, May 2nd, for the last time this season.

Mrs. Hunt, 1263 Victoria avenue, will receive Wednesday, not again this season.

Met Sydney Woods, with her little family, leaving about the middle of May for Victoria, where she will take a cottage for the summer months. Mr. Woods taking a trip to England.

Mrs. Rockland and her mother, Mrs. Cameron, with the children, have left for the coast, where they will spend a portion of the summer.

Miss Peletier was the hostess of a delightful three-table bridge on Monday night in honor of Miss Macgregor. The hostess was beautifully dressed in white, being complimented by the guests of honor wearing smart tan chiffon over tan suits.

A delicious supper was served. The players were Mrs. Pelegie Kirkpatrick, Miss Macgregor, Miss Macgregor, Miss Higgins, Miss Carroll, Messrs. Scott, Pelegie, Benjamin, Rodgers, Galloway, Hadden.

Mr. Hickson has many friends will be pleased to learn that he is progressing favorably after an operation for appendicitis.

Miss Anna C. Cline, the famous Canadian writer, of New York, author of "Lands of the North," "Pathfinders of the West," etc., spent some time in Calgary recently on her way across the continent on a mission of investigation of conditions on the Saturday Evening Post and the Review of Reviews—Calgary.

Their Royal Highnesses the Duke of Connaught and the Princess Patricia, accompanied by Miss Adams and a number of the aldermen, have been playing golf during the past week on the Ottawa golf links—Ottawa, Ontario.

MODERN CHIVALRY
Recently some of us can keep from thinking of the terrible fate that has overtaken the greatest ship that ever left port, but so much has been said and written of it that it seems almost to be almost, were it not that the disaster has one beautiful and noble aspect which must appeal to all women.

Somebody it is said that the age of chivalry has gone for ever; but this last brave story of the sea again gives the lie to an assertion that is being constantly repeated.

The spirit of chivalry still has its virtues, heroism is still a force in the world, when brave men are the hundred, rich and poor, highly educated or scarcely taught, can calmly go down to death in the face of a chance of death to those who, if strength had been matched against strength, must have been pushed aside.

"There was no murmur from the ranks, no thought, no shameful strength, unshaken life to each; their post to suit they were not trained, nor taught, to trample down the weak."

"They made woman with their children gone, While each by inch, the drowning ship sank low, Still under steadfast men."

"What follows you recall? The brave who died, Died without flinching, as they sleep as well, beneath that purple tide. As others, under turf;

MANY ENTRIES FOR MUSICAL FESTIVAL

From May 1, a small fee will be charged for a "Musical Festival" and positions will be held in the old and a 2000-anniversary.

Entries continue to come in for the festival, which is to be held on the 10th and 11th of June. After about 100 entries have been received, the festival will be held on the 10th and 11th of June.

Members of the large chorus of more than 200 voices and orchestra of 20 pieces are being held from the 10th and 11th of June.

THE MASSACHUSETTS RETURNS INCOMPLETE

Impossible to Tell Yet Whether Col. Roosevelt Will Succeed in Getting Voice and Vote to Elect Majority in His Favor.

Majority in His Favor. Major, Mass. April 25.—The returns from the presidential primaries held throughout the state today were incomplete at midnight.

It was impossible to tell whether Col. Roosevelt had succeeded in inducing the majority of his party to elect him, but it was believed that the majority of thirty six delegates from Massachusetts in the National convention in his favor.

While Boston gave the President a small majority, the presidential returns from the state today were incomplete at midnight.

It was impossible to tell whether Col. Roosevelt had succeeded in inducing the majority of his party to elect him, but it was believed that the majority of thirty six delegates from Massachusetts in the National convention in his favor.

THE REPUBLICAN VOTE WAS 121,100, larger than that cast by the Democrats. Col. Roosevelt's bid for majority over Woodrow Wilson throughout.

"CALGARY HUNDI."
Said Tom Standford Oil Company Has Acquired Several Alberta Franchise Charters.

Calgary, April 25.—It is rumored that an American syndicate, including the Standard Oil Company, has acquired several franchises for oil fields in Alberta.

Among the franchises acquired are those of the Alberta Pacific, the Dominion Western, the Calgary and Pacific, the Calgary and the Calgary.

It is now believed that the syndicate is to be organized to survey the Calgary and Pacific fields, and a line tapping the mineral fields of British Columbia.

DEATH SHIP SLOWLY STEAMS TO PORT WHILE HARBOR CHURCH BELLS TOLL

Mackay-Bennett Docks at Halifax With 190 Body's of Titanic's Victims

SUIT AGAINST WHITE STAR LINE STARTED

Imay Summoned as Witness—Washington Investigation Continues

HALIFAX, N. S., April 28th.—While church bells tolled and flags fluttered at half-mast, the Mackay-Bennett steamed slowly into Halifax harbor this morning bearing the dead picked up from the scene where the White Star liner Titanic went down. She reached her dock in the Navy Yard shortly after 2.30 o'clock.

As soon as the ship was sighted down the harbor the canvas curtains shielding the coffins and embalmers' tents on the pier were lowered and twenty salutes from the Canadian cruiser Niobe, in the yards for repairs, fired up as signals. A patrol boat was stationed in front of the pier to prevent any crowd decking in the vicinity.

All in Lifeboats.
Her own flag at half-mast, the death ship docked slowly. Her crew manned the rails with bowed heads and the aft deck were stacked the coffins with the dead. Members of the crew, talking over the side, said that every body died up had been in a lifeboat and there were no bullet holes in any. Many among the dead lay on the forward deck, covered with tarpaulins. As the undertakers came aboard it was decided to take off these bodies first.

Col. John Jacob Astor's body was somewhere in the pile of coffins at the stern. All told, there were not more than half a dozen mourners or their representatives at the pier, for they dreaded the sight and preferred to await the work of identification at the morgue.

It was announced that the total number of bodies on board were 190 and it had been found necessary to bury no less than 117 at sea. Among those brought in part are the bodies of two women.

The first body removed was that of a woman. When the tarpaulin was thrown back more than fifty bodies were disclosed. Men with stretchers quickly came on board and the work of removing the dead was begun.

Much Wreckage Seen.
"Bells of the Titanic dotted the sea over an area of thirty miles," Captain Lardner said. Doors, windows and chairs by the score were found floating, but to none of them were bodies lashed. In several instances there were groups of lifeboat bodies numbering fifty or more, but none were lashed together.

The Titanic Relief Fund Now Reaches the Huge Total of a Million and a Half Dollars.

London, April 28.—The Titanic funds, including those collected in the United States, now aggregate well over \$1,500,000. The subscription has been made that sufficient relief can be given to the survivors at that place and he wants the collection to continue.

It will not be surprising if the amount eventually reached \$2,500,000 on this side. There are still the proceeds of numerous theatrical and musical performances to come and most of the incoming steamers are bringing in additional funds which have been collected on the passage. A benefit performance on the Mauretania realized \$2,500. The Kaiserin Augusta Victoria brought \$10,000. Aftersong scenes were witnessed at Southampton in the array of the stewards and stewardesses.

remained away from the vicinity of the ship.

Suit Against Company.
WASHINGTON, April 28th.—Under a proceeding in the admiralty court here today three James, managing director of the International Mercantile Marine, was summoned to appear this afternoon before a commissioners to give testimony to be used in a suit.

Many Injured at Sea.
Cann. Hind, of All Saints' Cathedral, conducted the services in connection with the burial at sea, of 37 separate occasions services were held.

Astor's Body Identified.
Captain Richard Roberts, kneeling Col. John Jacob Astor's body after a conference with Commander Lardner of the Niobe, said he was positive. He had no doubt of the identification of Col. Astor's body. In the pockets \$2,500 in cash had been found and he wore a belt with a gold buckle.

At 4:45 o'clock the work of removing the dead from the forward deck had not been completed. None of the bodies had been lashed. No one without a special permit was allowed aboard the boat, and as the captain and the commander were remaining on board the removal of more bodies it was impossible to obtain a full account of the steamer's trip. It was predicted that the work of unloading would take perhaps all day, as few as the bodies were put on the pier they were piled in wagons and taken up the hill to a curing flat, where they were prepared for identification.

The officers of Halifax in general

BRUCE IMAY—A sufferer behind the scenes—she is described as a charming type of Englishwoman and no doubt the latter misdeeds being inside of the New York press on her husband and are not completely overcome by the knowledge of her husband having escaped from the terrible death which overtook so many other women's husbands.

TURKISH BOAT HITS MINE, 140 PEOPLE ARE DROWNED

Steamer Texas, Leaving Mails From Constantinople to the Levant Strikes Mine at Entrance to Harbor at Smyrna—All Aboard Believed to Have Been Lost.

Smyrna, Adalic Turkey, April 28.—The steamer Texas, belonging to the Archipelago-American Steamship Company, struck a mine at the entrance to the Gulf of Smyrna this morning and sank. One hundred and forty people on board were drowned.

Was Flying Turkish Flag.
The Texas was flying the Turkish flag and was engaged in carrying mails from Constantinople to the Levant. It was first stated that the Texas was an American vessel, the theory arising from the fact that she was part of the fleet of a local concern trading under the name of the Archipelago-American Steamship Company.

The Gulf of Smyrna is one of the finest harbors in the Mediterranean and Smyrna itself is the principal port of Adalic Turkey. The entrance to the Gulf was extremely narrow and the Texas was flying the Turkish flag in order to protect the postal attack by the Italian fleet. The Texas was a vessel of 241 tons, not registered, built at Newcastle, England, in 1888. She was first called the Olympia before being rechristened as the Texas, and finally received the name Texas.

PAROLE SYSTEM PROVEN A SUCCESS IN CANADA

W. P. Archibald, Dominion Parole Officer, Declares the Placing of a Prisoner on His Honor Has Proven Successful in All But Two Per Cent of Cases—Respond to Kindness.

"It is wonderful how men who were thought to be hardened criminals will respond to the touch of kindness," said W. P. Archibald, the Dominion Parole Officer, who is in Edmonton in connection with his duties. Archibald expects to remain in the city some time today. He is a busy man, having a large number of men on parole.

The parole system of dealing with prisoners has been in existence now for 12 years, although for some time it was regarded as an experiment vain, whereas now it is an integral part of the reformatory system of the treatment of criminals in the Dominion. According to Mr. Archibald the system has in its success exceeded the most optimistic hopes.

Up to the present time no less than 2,141 prisoners, released on parole have completed their parole satisfactorily and have demonstrated their ability to become useful citizens. Some 1,400 more are now reporting themselves to the parole officers with a similar prospect.

Two Per Cent Failure.
The efficiency of the parole system can readily be seen when it is stated on the authority of the Dominion Parole Officer that only 75 men re-leased on parole have so far failed to re-appear. In other words, the failure rate is only two per cent of the whole. These 75 are persons who were released on parole have been subsequently re-arrested. A few have absconded within the category of offenders for non-compliance with the system.

"The parole system," says Mr. Archibald, "puts a man absolutely on his honor when he is released before the expiration of the full sentence passed upon him by the judge. When the system was started it was not known how the men for whom it was inaugurated would treat it. It was possible that they might regard it as a weakening of the force of justice, and if that had been the case it would have increased rather than diminished crime. That fear has now altogether disappeared.

Men respond readily to the effect on the part of the parole officer to help them to help themselves. When a man is released his license gives him the right to go anywhere in the Dominion of Canada. In certain instances they have been allowed to return home, where they came from another country, but for international reasons the license usually does not allow them to go outside the Dominion, but that is no hardship, as the Dominion is a fairly big place."

Treated as Human Beings.

BIG SUIT AGAINST HARVESTER TRUST LAUNCHED BY U.S.

Government Commences Action at St. Paul to Have Hinge Trust Dissolved.

PETITION TELLS OF GIGANTIC COMBINE Many Subsidiary Companies Are Named as Part of the Monopoly

St. Paul, Minn., April 30.—The government today began its long planned anti-trust suit against the International Harvester company in the Federal District court here. In a petition in equity, this \$1,000,000 corporation, popularly called the Harvester Trust, is declared to exist against the Sherman anti-trust law.

To accomplish the disintegration of the so-called trust, the government asks the court to issue injunctions to bar from interstate commerce the products of the International Harvester company or of Harvester Company of America, its selling agency, the appointment of receivers to take charge of the property and wind up the business if the court should be of the opinion that the public interest will be better served thereby.

The Government's Charges.—The government charges the Harvester company with being a combination in restraint of trade, monopolizing or attempting to monopolize the manufacture and sale of harvester machinery. It is alleged that the company has advanced the prices of these articles to the grave injury of the farmer and the general public, and is extending its business into all lines of agricultural implements with the purpose of monopoly and control.

The government alleges that the International Harvester company controls at least 90 per cent. of the trade in the United States in harvesters or grain machinery, 50 per cent. of mowers and more than 50 per cent. of the binder business. It owns only three or four manufacturers of harvesting machinery in the United States other than the International company, the petition says. These, it is added, are comparatively small, and as their business does not embrace the entire United States, in many sections of the country the International Harvester company has a complete monopoly over harvest machinery.

Prevents Competition.—The petition says: "The opportunities for and new competitors are constantly being closed by the defendants in all lines of agricultural implements, the agencies for distribution, the retail implement dealers and others are rapidly coming under their undignified control, and unless prevented and restrained their complete technological domination of every branch of trade and commerce in agricultural implements of all kinds may be confidently expected at an early day."

The government charges that the defendants have absorbed competing companies, but concealed their ownership, permitting them to be advertised as wholly independent, and without connection with them.

"The trust company or combination intended thereby to mislead, deceive and defraud the public and more extensively extort and compel competition and keep out new ones."

Additional Charges.—The bill continues these charges: "Defendants have resorted to unfair trade methods, have made false and misleading statements concerning retail machines or concerning the credit of competitors, have by misrepresentations sought to induce competitors to acquire and sell competing companies, and in divers unfair ways have endeavored to destroy them, and for the purpose of destructive competition have reduced prices of their machines in some localities below cost of production and distribution while keeping prices up in other localities."

The following corporations and individuals are mentioned as defendants in the petition:—

International Harvester company, International Harvester Company of America, International Fiat Tractor company, Wisconsin Steel company, the Wisconsin Lumber Company, Illinois Northern railway, the Chicago West Pullman and Southern Railroad company, Cyrus J. McCormick, Charles Deering, James Deering, John J. McCormick, Edward P. Howe, Edgar A. Hancock, George P. Baker, Wm. A. Lutz, Charles Norman B. Beam, Charles Steel, John Chapman, Elbert Barry, Thomas D. Jones, John P. Wilson, Wm. L. Saunders, George W. Perkins.

The government declares that the alleged trust was formed through the combination of the McCormick Harvester Machine Company of Illinois, and the Deering Company of Illinois, a Pullman Manufacturing company of Illinois, Wardner Bushnell and Gleason Company of Ohio, and the Milwaukee Harvester company.

The aggregate annual output of these five concerns, it is said, amounted to over 85 per cent. of all the binder now produced and sold in the United States at that time.

Millions Paid to Morgan.—In explaining the disposition of the stock the petition says that \$3,451,802 was received to J. P. Morgan and bank and sold at the price fixed by the parent company. In fact, the Wisconsin company in a bookkeeping arrangement, given the form of a corporation of small capital for the purpose of enabling the larger company to do business in states from which it is barred by reason of its large capitalization.

"The arrangement between the International Harvester company and International Harvester Company of America was further defined and is now being carried by the defendants for the purpose of giving to the New Jersey company the appearance of not being engaged in interstate commerce in other words in order to accomplish an ostensible segregation of the manufacturing or interstate business of the corporation from its distributing or interstate business, thereby to secure the later protection against the laws of the several states which have for their object the suppression of monopolies or their exclusion from their borders."

The petition asks that this company be declared an unlawful organization in restraint of trade.

ONTARIO'S LICENSE INSPECTOR "FIXED"

Geoffrey Hotel Man Tells of Deal With Members of Control Board—Patterson Named as Chief Grantee—Solicitor Drives

Geoffrey, April 29.—For over three hours, Mr. J. F. Patterson, of the Union hotel here, stood in the witness box this afternoon and related to Mr. Judge Saunders, K.C., of Toronto, how he was approached and a bribe solicited from him by License Commissioner Patterson, of the Central Hotel board, and that he had been informed that several other hotel men of the town had, by deals with the commissioner, "fixed things," so that their license would be safe from the impending cut-off of two licenses in the town.

The petition asks that this company be declared an unlawful organization in restraint of trade.

Mr. Saunders was appointed by the attorney general's department as a royal commission to investigate the working of the whole license system of Ontario.

In his commission Patterson was charged by the attorney general to investigate the working of the whole license system of Ontario.

This will be an important meeting of the club. The new committee for the coming year will be elected and several resolutions will be submitted.

EDMONTON HAS MAKING OF VERY GREAT CITY

Ottawa Man Sees Great Future Before This City as the Metropolis of the West—Panama Canal and Coast Routes Must Mean Prosperity.

"You have a wonderful city here," said W. P. Archibald, of Ottawa, to a bulletin reporter yesterday. "Edmonton, I am perfectly convinced, has a great future before it. Its situation assures that it will be eventually the greatest city in the west. People are making for Edmonton because for hundreds of miles on every side you have a rich and fertile country, only the fringe of which can be opened up in the next few years. The opening of the Panama canal and the opening up of direct communication with the Pacific coast must mean a great access of prosperity to this part of Western Canada. When instead of vast tracts of undeveloped land Edmonton is the center of a great and prosperous farming country the city will be in a position that will be the envy of many cities which today have a much greater population than Edmonton."

"From all accounts you have a wonderful climate here, too. The reports of the weather here during the winter have been a great contrast to the weather we have had in the east. We have had one of the worst winters on record this year. For a whole month the thermometer never got above zero and the cold was accompanied by winds that made the conditions very trying. The people down east felt longingly towards Alberta when they read the reports of fine, clear and mild days here during the winter. The climate of Alberta must be a considerable factor in bringing people here from the east and from other countries."

Railway Official Says.—Missus Archibald, at St. Thomas, 200 Parkville, Avenue South, Vice-President A. D. Thomson, Dr. company, was shot twice early this morning. A Joseph Murray, who mistook Thomson for a burglar, he had been pursuing.

Old Country Soccer.—London, April 30.—Following postponed London games were played yesterday. First Division—West Bromwich Albion 2, Oldham Athletic 1. Manchester United 2, Blackburn Rovers 1. Second Division—Barnsley 1, Grimsby 2.

REDUCTION OF ARMY, AIDS TO COMMERCE, PROMISED TO CHINA

Yuan Shi Kai, Delivers First Message to Advisory Council.

NEED OF FINANCES GREATEST OF THEM ALL

Speech Makes Favorable Impression Upon Foreign Representatives

Peking, April 28.—Yuan Shi Kai yesterday delivered his first message in the form of a speech to the advisory council which is virtually a provincial assembly.

The foreign powers, in recent years, had adopted a general and just attitude and had shown a desire for the interest of China which was far-reaching. The Chinese could learn to understand and treat foreigners with friendship and candor and should reduce the establishment of a republic after thousands of years of despotism.

Finance Comes First.
Yuan Shi Kai emphasized the necessity of forming a firm foundation on which to base the policy of progress. The most important matter at present, he said, was finance. Foreign capital was essential to China and the government was desirous of the principle of a financial reform. It was negotiating with the powers for an increase of the customs duties and the abolition of the 10 per cent tariff and the abolition of the 10 per cent tariff and the abolition of the 10 per cent tariff and the abolition of the 10 per cent tariff.

To Emphasize Finance.
Yuan said that owing to the insufficiency of financial experts among

the Chinese the employment of talented foreigners was necessary and he recommended the employment of foreigners at the finance ministry so as to ensure a correct budget and proper execution.

Yuan pointed out that the establishment of a republic industrial development had become of the first importance. Ministers of forestry, industry and commerce, would, he said, be established to encourage and subsidize industry and to educate students. The mining law must be reformed and commercial laws adopted and enforced.

Will Reduce Army.
The troops in China were, said Yuan, unaccountably numerous and the ministry of war had been instructed to reduce their number. He said, "I have reduced the lack of moral training among the soldiers and the lack of communication which created local prejudices. In conclusion the president promised an observance of all covenants and that all engagements would be speedily met."

Speech Pleases Foreigners.
Peking, April 28.—The president's message has made an excellent impression among the representatives of foreign governments. The government apparently realizes the dangers of trying to modernize the country too rapidly.

Only two members of the council were present and the president's speech was well received. The Chinese could learn to understand and treat foreigners with friendship and candor and should reduce the establishment of a republic after thousands of years of despotism.

Finance Comes First.
Yuan Shi Kai emphasized the necessity of forming a firm foundation on which to base the policy of progress. The most important matter at present, he said, was finance. Foreign capital was essential to China and the government was desirous of the principle of a financial reform. It was negotiating with the powers for an increase of the customs duties and the abolition of the 10 per cent tariff and the abolition of the 10 per cent tariff and the abolition of the 10 per cent tariff.

Elaborate Precautionary Measures.
London, April 28.—The correspondent of the Daily Telegraph describes the elaborate measures taken to protect President Yuan Shi Kai, while on his way to the council meeting. Six thousand infantry with a machine gun and a battery of field guns were present, out of a number of 120. The Manchus and Chinese troops and police guarded President Yuan Shi Kai on his way to the assembly and on his return to the Wai Wo Pa, where he resides.

The scene of the senate was in striking contrast to the old-time Chinese assembly. Instead of aged men in silk robes were bearded youths in European frock coats.

THIRD STREET REAL ESTATE DEAL VOIDED

Writ of Habeas Corpus Issued in Action Against W. A. Stark. Who Had Sold Third Street During Home.

Chief Justice Harvey yesterday gave judgment for the plaintiff in the action brought by Wilfrid Garvey vs. W. A. Stark. Plaintiff is a member of the firm of Garvey & Garvey, barristers, and defendant is a partner in the real estate firm of Stark & Stark.

The action concerned a real estate transaction in which lot 118, block 2, in the city of Calgary, on Third street, was involved. Mr. Garvey gave an option to Stark for twelve days on the lot.

The point at issue was when his option was given to Stark on his own behalf or to him as agent for a third party. Mr. Garvey contended that Stark represented to him that a friend of his who was travelling to Ontario would be able to find a purchaser at the price of \$11,000, and that there was no case to answer, and the Chief Justice called for evidence for the defence.

Defendant Stark, who denied that he was acting as agent for Mr. Garvey and that he took up the option entirely on his own behalf, said he did directly after he obtained the option at an increase of several thousand dollars over the price named between him and Mr. Garvey. The price of the lot was \$11,000 and he jumped 50 per cent. It was said, owing to the rumor that the union station was to go to the head of Second and Third streets.

The counsel in the case were Brydson Woods, K.C., for the plaintiff, C. C. McCall and Frank Ford, K.C., for the defendant. Mr. McCall submitted that there was no case to answer, but the Chief Justice called for evidence for the defence.

After hearing the evidence and arguments Chief Justice Harvey said he believed the story of the plaintiff and gave judgment for him on the ground that Stark was acting as his agent in the matter and that his name was used in the option as agent acting for some party undisclosed. The two trustees of the plaintiff and the defendant, he said, were entirely different and could not be reconciled.

The judgment declares the option obtained by Stark to be void and that the defendant registered him as agent for the plaintiff. The lands shall not stand. The land was sold to a third party for \$11,000. Application was made to the judge by the defendant's counsel to direct that the defendant be ordered to pay the costs of the action. The judge should be paid to the defendant, Stark, but the judge refused the application.

INDIGNANT COMMENT OVER BIRD'S ACTION

British Board of Trade's Attempt to Repeal Trade Tariffs is Severely Criticized by English Press.

London, April 28.—There is much indignation over the board of trade's attempt to repeal the trade tariffs. It is considered a bad sign that the board of trade, which has already aroused so much public feeling over its antiquated rules and regulations, should thus lose its head at the outset of the inquiry here.

The newspapers commenting on the matter, declares that it was an extraordinary move to display real liberality at a time when the shipping world was in a state of ferment over the proposed changes in the tariff. The "Times" correspondent says: "There is their arrival the servants, instead of being met by a popular demonstration of sympathy and benevolence, were met with a shower of leaflets and found themselves violently criticised at the dock premises."

This is in direct variance with the Times editorial in another part of the paper, which declared that the British inquiry would be free of the defects of the American inquiry.

"There will be no question whether passengers took refuge in the water compartment of the vessel; the witness will not be treated as criminals."

Star Objects to Invidious Comparison.
Today's Star takes objection to the suggestion by the Times and says the comparison given to the Titanic survivors at Plymouth by the board of trade is to chastise those who are ready to save. The comparison is between British and American ships. It is a bad thing to do and in bad taste to attempt to create a prejudice against the American inquiry. As to the implication that witnesses are being treated as criminals, the Star is of the opinion that on this side of the Atlantic, not on this side, that witnesses are being treated as criminals.

May Have to Go to Courts.
Washington, April 28.—Owing to the absence of any treaty with Great Britain covering the disposition of the assets of American citizens who die on a British ship, it will be impossible, says probably it will be impossible, for the state department to directly claim the relative of the American victims of the Titanic disaster to obtain possession of any valuable found on the recovered bodies brought to Halifax.

The property must be dealt with under the Canadian law, which probably means it will be necessary for the relatives and friends of the deceased to go to the Canadian courts to obtain the property to which they are claim.

16,000,000 Tons of marketable coal in this vein

4 to 6 feet of Solid Coal

10 to 16 feet of Solid Coal 16,000,000 Tons of coal in two lower veins

Cross-section view of the coal seams in the Wabamun property owned by the Security Coal Mines Company, Limited, in all over thirty-two millions of tons of marketable coal, the best general purpose coal mined in Alberta. There may be some strain of coal as no drilling has been done at a greater depth than about 125 feet.

WHAT must a Coal Mining Company own and have to warrant your buying shares in it, with the certainty that it will soon be a big dividend payer and your shares increase in value over the price you pay for them?

1st.—THE COMPANY MUST HAVE THE COAL

THE SECURITY COAL MINING COMPANY, LTD., has a total reserve of coal, three million over three million tons of marketable coal. If the company were to begin mining today, taking out one thousand tons daily and continued mining 1000 tons daily, it would not take more than 1000 days to exhaust this one body of coal at Wabamun. Members, the Company is keeping 100,000 tons of stock in the treasury to buy other coal properties when the directors consider it to be for the best interests of the shareholders.

2nd.—QUALITY

The above coal is a semi-bituminous and has absolutely no clay, bone, shale, slate or other foreign matter, hence no clinkers, as bright as the ink of a pen and will not soil a white cloth glove; will not line the inside of shoes or furniture, or cover stoves with heavy, cottony fumes of smoke.

An Assay Just Made

And received from the Alberta provincial government laboratory of average samples of coal taken from the Wabamun mines of the SECURITY COAL MINING COMPANY, Limited, is as follows:

Bituminous matter	21.25
Fixed carbon	66.50
Volatiles	17.30
Ash	4.20
Total	109.25

The assay shows the very high quality of the coal, about 75 per cent. heat units, with a very small amount of ash. Large users who have tried out this coal say it is the best and cleanest general purpose coal mined in Alberta and goes from 12 per cent. to 42 per cent. further.

3rd.—LOCATION, CHEAPNESS OF MINING, Etc.

The Wabamun coal owned by the Security Coal Mines Company, Limited, is a tunnel mine (see cut above), and one man can pick down from 20 to 25 tons a shift. No blasting necessary, and very little timbering. It is a very easy mine to work. It is less than a mile from Wabamun on the main line of the Grand Trunk Pacific, about 14 miles west of Edmonton. When a ship is loaded, the company will mine and load in cars at a cost of not over one dollar and fifty cents a ton. The company is provided a fifty cent per ton. Edmonton, and equally low rates to Saskatoon and other points east.

4th.—MARKET

To anyone who has lived in Edmonton, Saskatoon, and other towns in the shipping territory of the SECURITY COAL MINING CO., LTD., the question of a market need not be argued. Every year there has been a greater and greater demand for coal, and the sight of the increased population of Canada imports over 50 per cent. of the coal used in the country. When a ship is loaded, the company will mine and load in cars at a cost of not over one dollar and fifty cents a ton. The company is provided a fifty cent per ton. Edmonton, and equally low rates to Saskatoon and other points east.
